### *Scope*

The consent of the data subject is one of the conditions for the processing of his or her personal data and is within the scope of this procedure. Water Lilies Swimming School needs to obtain consent when no other lawful basis applies.

Consent of the data subject is defined by the GDPR as “any freely given, specific, informed and unambiguous indication of the data subject's wishes by which he or she, by a statement or by a clear affirmative action, signifies agreement to the processing of personal data relating to him or her”.

Explicit consent is required for the processing of sensitive personal data. Specific conditions apply to the validity of consent given by children in relation to information society services, with requirements to obtain and verify parental consent below certain age limits.

### *Responsibilities*

As a data controller, Water Lilies Swimming School is responsible under the GDPR for obtaining consent from the data subject under advisement from the Data Protection Officer (DPO).

### *Consent Procedure*

Water Lilies Swimming School provides a clear privacy notice wherever personal data is collected (3— Privacy Procedure) to ensure that consent is informed and that the data subject is informed of their rights in relation to their personal data.

Water Lilies Swimming School demonstrates data subject(s) consent to the processing of his or her personal data or explicit consent for sensitive personal data on all of its enrolment forms and signup methods (e.g. online or via BACs) with follow up via email for the swim school lessons.

For courses the information is detailed on the registration forms.

Water Lilies Swimming School demonstrates data subject(s) consent to the processing of his or her personal data for one or more specific purposes via the methods detailed above.

Water Lilies Swimming School demonstrates data subject(s) consent is clearly distinguishable from any other matter relating to the data subject by using multiple signup and tick boxes with each option relating to one specific signup/consent notice.

Water Lilies Swimming School demonstrates data subject(s) consent is intelligible and accessible using clear and plain language.

Water Lilies Swimming School demonstrates data subject(s) are informed of their right to withdraw consent before giving consent (10—Withdrawal of Consent Procedure). However, should a data subject withdraw consent they will be unable to continue lessons or training with Water Lilies Swimming School.

Water Lilies Swimming School demonstrates processing of data is limited to that stated in the contract, bound by the explicit consent given by the data subject.

### *Child consent procedure*

Water Lilies Swimming School does not accept enrolments from children under the age of 16 except where the child is enrolling their own child in to the swim school. At this point the data subject would therefore be the child being enrolled for lessons and not the parent.
